The Spring Ledge Farm Interpretive Trail is approximately 1 mile long beginning at the middle school parking lot, and the terrain is relatively flat and smooth.

Welcome to the Spring Ledge Farm Interpretive Trail! Please take a pamphlet and enjoy the natural features the landscape has to offer. Also, flora identification signs are located along the trail corridor, so you can learn about tree and shrub species native to the region. Don’t forget to rest at the various benches to observe song birds and other wildlife!

Keep your eye out for animal tracks along the way. Some tracks common in the area are shown below.

- **Red Squirrel**
- **Turkey**
- **Snowshoe hare**
- **White-tailed deer**
- **Red fox**
- **Roughed grouse**
